

Dear Parents/Carers

Do you want your child to be active? Are you running out of ideas?

Each week I will add 5 different activities for you to try at home.

Please login to our imoves account at [imoves.com](https://www.imoves.com)

Once you have found the website please press the menu button and click on 'Home Login'

Type in **15405** for Class ID and **Cow** for the secret password. Then press **Let's get moving...**

Your screen should now say welcome to the active home learning hub. Here you will find five different activities to keep your child active. All you need to do is click on the activity and it will give you some information and a video to play.

Hope you enjoy the videos, remember to let us know how your child gets on. Stay safe and keep active. Miss Boyd
