

Test it out

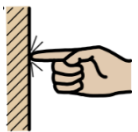

What should I already know?

- To describe different materials and formulate ideas linking to purpose and capacity.

Key Knowledge

- Plastic, metal, cardboard, paper and fabric are all materials.
- Lots of different objects are made from these materials and we use them all the time.
- Some objects are made from plastic such as some toys and they can easily be cleaned.
- Some objects are made from cardboard such as boxes but cardboard does not last long.
- Clothes are made from fabric so they are comfortable to wear and fabric moves easily.
- Some fabrics are waterproof and we use waterproof fabric to stay dry. Coats and jackets can be waterproof.
- Buildings and houses are made out of waterproof materials to keep us dry.
